Monthly Bulletin, No. 6.

THE SARSAPA-RILLA COM-POUND of this com pany is almost literally a sulphate of sarsaparilla. So nighly concentrated is it that the dose is but the half of a ve-

ry small tea spoonful, while the dose of that which is sold in large bottles nearly a wine glassful. In addition to Sarsaparilla, it contains a powerful concentration of Mandrake, Queen's Delight, Elder, Yel-low Dock, Guiacum and other important medicaments which are not found in any

other preparation.

The Queen's Delight, which forms an essential ingredient in the Grafenberg Sarsaparilla Compound, is probably supe rior to Sarsaparilla itself. Professor Frost, of Charleston, S. C., speaks of it as follows, in the Southern Journal of Medicine and Pharmacy: "Few vegetable productions exhibit more power upon the system generally. So powerfully is its action ex-erted upon the capillary and secreting vessels, in changing their morbid state or conditions and disposing them to a new and healthy action, that it is greatly to be pre-&c., &c. He further adds "that it is in chronic diseases and chronic in-flammation, and also in the long train of consequences that follows syphilis, that its efficacy is best exhibited."

The superiority of the Greefenberg Sarsaparilla Compound may be stated thus : 1. It is compounded of a number of the most efficacions vegetables in the whole range of the materiz medica in addition to Sarsaparilla.

there are so many more doses in the bottle than in any of the very largest bottles ever advertised.

3. This concentration renders it to Sarsaparilla what quinine is to Peruvian bork. The more diluted preparations are no better than ordinary root-beer, souring on the stomach and spoiling in the bottle. To use a weak intusion of Sarsaparilla when a sulphate of the article may be had is like taking bark instead of quinine, or like travelling in a seew against a strong cur-

rent instead of in a swift steamer.
These things being so, let all who have made up their minds to use any Sarsaparilla, use that of the Grefenberg Compa-It is warranted to be ten times more efficacious than any other known; no matter how large the botile or extravagant the advertisement. As SPRING MEDICLVES, the Grafenberg Vegetable Pills, the Grafenberg Health Bitters, and the Græfenberg Sarsaparilla Compound should supersede all others. For universal use the Pills and Bitters are of incal-culable value. Those who take them need not fear the enervating effects of All persons having claims against said
